## MIDWALL DC INVERTER

**Refrigerant: R410A**

You may have heard the excitement about Inverter technology; LG Inverters are the pinnacle of energy efficiency due to the innovative operation. Rather than using a constant speed compressor, the LG Inverter system uses a variable speed compressor, which means the Cooling or Heating capacity of the AirConditioning can be varied to suit Indoor conditions. This makes the LG Inverter Units more economical & efficient to operate, produce less noise than standard counterparts and contain most superior features on the market. All LG Inverter units have 6 major benefits including premium features like Energy Saving; Power Heating Capacity; Pleasant Feeling; DC Inverter Compressor; Quick Cooling & Heating and Quiet Operation.
